

WORLD CLASS CAMPUS DEVELOPMENT AT CHARLESTON EXECUTIVE AIRPORT FACILITY ON JOHNS ISLAND

**State of the art Eco conscious campus
development in Charleston, SC.**

The campus will incorporate cutting edge production, assembly, education and R&D facilities within its bespoke 132,000 sq. ft. construction set within 13 acres at Charleston Executive Airport facility on Johns Island.

At the center of this prestigious development Barzan Aeronautical will deliver its Center of Excellence (CoE). Barzan Aeronautical CoE aims to focus on best practices, research, R&D initiatives and training in the areas of aviation and defense. Its innovation observatory, as a strategic program, will be the incubator for academic, commercial and military applications. The CoE will work closely with affiliated Universities and Colleges from the US, EU and Qatar to further develop cutting edge advances in aviation and become a hub of key aeronautical engineering educational programs.

The information/material provided is distributed by Barzan Aeronautical LLC on behalf of Barzan Holdings QSTP. Additional information is available at the U.S. Department of Justice, Washington DC.
